

Northfield Village Association Board of Directors Meeting

1:30

March 11, 2013

Present: Paul, Neil, Sharon, Larry, Frank, and Nancy

Discussion on Kendlewood date for mid-year resident meeting will be on May 16th, Thursday, at 6:30. There is a \$75 refundable fee if room is returned clean. Water and Iced tea with condiments will be provided. Abigail is still checking if there is a fee to rent the room for Northfield.

#### **Treasurer**

Gave a comparison of snow removal costs with current and past service. Perfect Turf is less by 20% for the 9 to 11 inch snow. In addition Perfect Turf provided one free removal and most of the second because of being priority customers with our contract.

Area around the mailboxes needs to be cleared, and area around all fire hydrants. These items were not in the contract but they are now. If the city says to shovel any walks, those will be done but the board had previously decided to not do these because of the high cost. Anything broke with shoveling will be fixed.

#### **President**

Spring Cleanup. Nancy Bellis will co-ordinate. She has talked to Perfect Turf and will work with them when they have their equipment here to clean. We can all help by picking up large sticks or branches, (if we are able) and put the sticks on the street. Ash Borers are coming and we have many ash trees. Paul will talk with Mike about possible ways to slow the bug invasion.

**Entrances:** Nancy will talk to former committee members and get back to the board about previous thoughts on finishing touches to the entrances.

**Spring Fling and Spring Garage Sale**--Paula will need to update the Board on plans. The two homes being built are coming along and the Sampsons home is going up for sale.

Next meeting April 8th
